

Oil Level Indicators With Thermometer(FLUID LEVEL GAUGE)

Level Indication: 0 – 100%

Temp. indication: -20°C/100°C
(only model nos. ending on T)
(filling temperature bulb is
Kerosene filled)

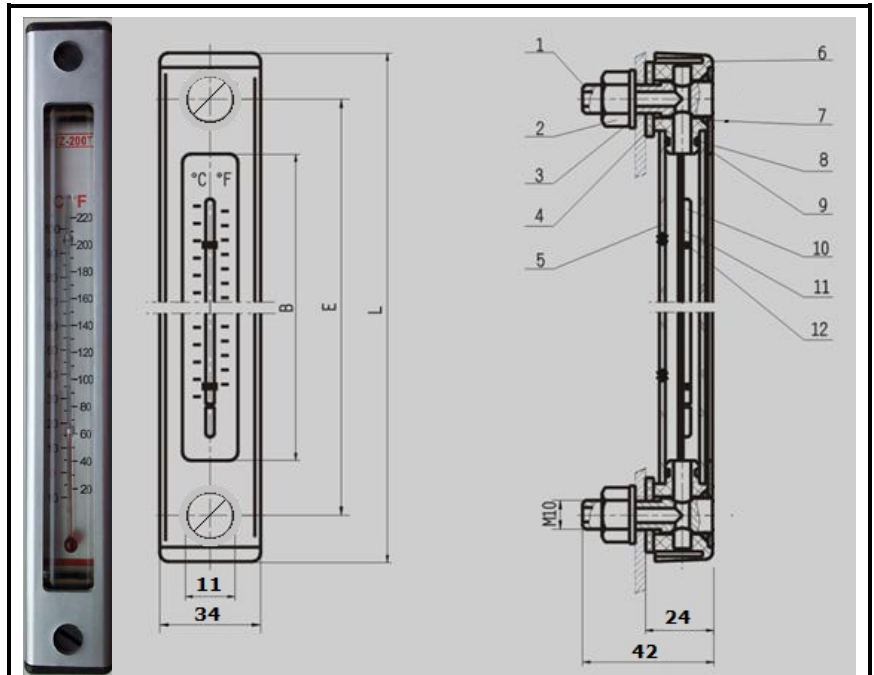

Materials:

- body: Aluminium
- process: Steel,
- gasket: Nitrile Rubber (NBR)

Accuracy: 2,5%

Process connection: M10

<u>Model number</u>	<u>Size(mm)</u>

YWZ-160	190	160	122
YWZ-160T	190	160	122
YWZ-200T	230	200	162
YWZ-250	280	250	212
YWZ-300T	330	300	262
YWZ-400T	430	400	362
YWZ-450T	380	450	412

L = full length

E = centre to centre connection

B = indication length

1. bolt, steel
2. nut, steel
3. gasket, Nitrile
4. sealed washer, steel
5. body, aluminium
6. head body, plastic
7. O Shape circle
8. O Shape circle
9. Shell, polycarbonaat
10. thermometer
11. scale execution
12. fit line
